TaylredCare®

CAPABILITIES STATEMENT

Taylored Care Services LLC

dba Taylored Care® | California | Established 2021

Person-centered disability support and non-medical home care, connecting individual choice, communication access and coordinated services at home and in the community.

Core competencies

Supported Living Services (896), Personal Assistance (062), Respite (862), community participation and daily living support.
Licensed non-medical home care through Taylored Care of California™: companion and personal care, disability support, memory-related support, couples care and respite.

Key differentiators

Person-centered coordination; English/Spanish support; ASL-accessible direct support subject to staff availability. Director Academy and Taylored Care Lab support workforce readiness, documentation review and quality oversight.

Organizational experience

Company records document PAS with Harbor, Frank D. Lanterman and San Andreas Regional Centers; Respite with Harbor and Inland; and SLS with Harbor. ASL-accessible direct support has been provided since 2023, per program materials.
