Our Purpose

Built Around the Person.

Taylored Care Services LLC dba Taylored Care® is a California-based provider of community disability support and non-medical home care. Founded in 2021, the organization brings a direct-support perspective to service design, coordination and workforce development.

Our Mission

Advance independence, dignity and belonging through person-centered support that respects each individual's goals, communication preferences and choices.

Support with Purpose

We work with participants, families and support teams to understand routines, preferences and goals. Regional Center services follow the individual's authorized plan; home care follows an individualized care plan.

Access with Respect

English/Spanish support and ASL-accessible direct support help reduce communication barriers. Language matching depends on qualified staff availability and the individual's needs.

Taylored Care Lab

Turning Training into Accountable Practice.

The Director Academy's applied operations curriculum connects worker readiness, coordinated referrals, visit documentation and incident follow-up with routine quality review. It gives leaders a practical framework for consistent service oversight.

California Footprint

Cerritos headquarters • Los Angeles • Inland Empire • San Andreas service area
Coverage depends on the service, authorization and staffing available.

Our Core Services

Support for Real Life.

Supported Living Services

DDS Code 896. Individualized support for choice, daily routines, community participation and greater independence in one's own home.

Personal Assistance

DDS Code 062. Hands-on help with personal care, daily living tasks, mobility and everyday routines, within the authorized service scope.

Respite Care

DDS Code 862. Temporary support that provides relief for family caregivers while maintaining continuity, engagement and individual preferences.

Community-Based Support

Daily living skill development and community connection within authorized services. Self-Determination supports depend on the participant's plan and applicable arrangements.

Licensed Non-Medical Home Care

Taylored Care of California™

Companion and personal care, disability support, couples care, memory-related support and caregiver respite. Assistance is individualized; services do not include skilled nursing.
CDSS Home Care Organization license 194701187

Taylored ASL℠

American Sign Language Training & Support / DDS Code 644

A developing program focused on expressive and receptive ASL, communication access and everyday connection. Learning respects existing communication and Deaf culture. Provider arrangements, qualified staffing and individual authorization must be confirmed before services begin.

ASL training does not replace direct care or professional interpreting. Independent living skill development is included within authorized SLS; standalone ILS requires separate approval.

Partner with Taylored Care®

People. Practice. Partnership.

We welcome conversations with Regional Centers, community organizations, corporate partners and procurement teams seeking person-centered disability support, non-medical home care and communication access.

A Prepared Workforce

Structured onboarding, required clearance and training checks, and readiness review before placement. The Director Academy reinforces supervision, participant rights and operational accountability.

Coordinated Service Delivery

Referral intake, assessment, authorization review, worker matching and ongoing coordination connect the right support to the person's goals and routines.

Quality Built into Operations

Taylored Care Lab practices emphasize visit-note review, service documentation, incident escalation, authorization monitoring and clear leadership follow-through.

Inclusion Through Connection

ASL workforce development and community resource relationships support communication access. Our affiliated Taylored Care Advocates™ initiative advances resource education and navigation.

Let's Discuss Your Next Partnership.

Corporate procurement • Service partnerships • Referral coordination
